UX/UI designer passionate about arts and crafts. I approach problems in a rational way, always seeking the simplest and most functional solution possible

Lili Hayashi

[About me](#) [Resume](#) [Works](#) [Get in touch](#)

Hello,

I'm Lili

I'm 32 years old, I am a graphic designer based in Brazil. I have a degree in architecture and urbanism in USP. Design was always my passion, so after graduation I pursued a career in it. I have vast experience in corporate jobs. I work for one of the biggest banks in Brazil and I'm currently working for IBM as a visual designer. I have some experience with packaging, branding and social media.
